Gabriel Hernan Saunero

Deployment Engineer | at Venn
Buenos Aires, Provincia de Buenos Aires, Argentina

Extracto

Con más de cinco años liderando el equipo de Operaciones de Servicios de Impresión Global en EY, he dirigido proyectos que abarcan 60 países y he impulsado una reducción del 80% en interrupciones globales. Nuestra colaboración con equipos de infraestructura tecnológica ha sido clave para establecer nuevos procesos y mejorar la calidad del servicio.

Como embajador de nuevas tecnologías en la firma, me dedico a la integración de soluciones innovadoras y a la gestión proactiva de incidentes. Mi enfoque en comunicación efectiva y coaching ha fortalecido las capacidades de mi equipo intercultural, asegurando la excelencia en la entrega de servicios y el soporte técnico a nivel mundial.

Activo en su rol más reciente.

Experiencia

Venn®
Deployment Engineer
octubre de 2025 - Present (11 meses)
Argentina

Working as Deployment Engineer at Venn Software

EY
11 años 9 meses
Global Print Services Operations Leader
abril de 2019 - noviembre de 2024 (5 años 8 meses)
Buenos Aires, Argentina

Leading a 5-member intercultural team from Argentina and India to support print services world-wide in 60 countries. I have taken proactive measures to improve teams SLA and overall delivery quality. Reduced global outages 80%

by collaborating with infrastructure technology teams, defining new processes, and working as technology ambassador for the firm.

Global Print Services Engineer Wintel Platform

marzo de 2013 - abril de 2019 (6 años 2 meses)

25 de Mayo 487, Ciudad de Buenos Aires, Argentina

On my early EY years, I performed as Wintel specialist focused in the global printing environment on Windows Servers (secure Follow You Printing, HP technologies) providing support for over 54 countries through Equitrac software and authentication based on Active Directory and Equitrac - Sharescan software. Worked on several deployment projects and design of the current EY printing global environment.

ABB Group

Wintel System Administrator - Printing Project Manager Coordination

octubre de 2012 - febrero de 2013 (5 meses)

Valentín Alsina, Buenos Aires

Led a global project to deploy and renew all the printing services in company with a new secure service to unlock devices using AD credentials and badges. All services were replaced with no downtimes and transparent to all end users improving company compliance towards security and performance on printing services.

Cementos Avellaneda S.A.

Wintel System Administrator - Project Manager Technical Coordinator

enero de 2012 - septiembre de 2012 (9 meses)

Defensa 113 Piso 6º, Ciudad de Buenos Aires, Argentina

Led a local infrastructure project to transform office spaces into data room environment to host company servers. As PMO I collaborated leading contractor services to build a brand new DR in Villa Luzuriaga location for Cementos Avellaneda. Project was completed in time and fashion with no delays despite environmental and resources challenges resulting in a great achievement.

Cargill

Wintel System Administrator

marzo de 2011 - enero de 2012 (11 meses)

Leandro Alem 928, Ciudad de Buenos Aires, Argentina

Performed as windows server high critically engineer support. By defining new procedures, I improved complex CITRIX cases decreasing support length from

1 hour to just 10 minutes. Team efficiency drastically increased on server OS issues support.

IBM

Wintel System Administrator

agosto de 2008 - marzo de 2011 (2 años 8 meses)

Dr. Nicolás Repetto 3653, 1636 Olivos, Buenos Aires, Argentina

Worked as Security Administrator in the Logical Security y Wintel for Vanity Fair client. With 10k. users and 500 servers (Windows 2000 - 2003). Administrated with Active Directory security groups. I also handled environments as administrator for Lotus Notes, AS400, Mainframe, Peoplesoft, Unix y SAP.

In my last year, I focused only in Wintel support.

Teleperformance

Callcenter Agent

noviembre de 2005 - agosto de 2008 (2 años 10 meses)

Carlos Pellegrini 887, 1009 Ciudad De Buenos Aires, Argentina

As callcenter agent, I provided technical support for AT&T US users with Corporation DSL services and Home DSL. With personalized attention to solve technical connectivity issues, I also worked assisting on additional services such as Email accounts synchronization (Web and Microsoft Outlook) and VPN software. Daily worked with mobile tech analyst located in US to resolve outages situations.

I also had the position of supervisor and coaching of new agents via nesting method.
